Profile

I am a Pre-final year B.Tech CSE student with a strong foundation in MERN Stack development and Data Structures & Algorithms. I'm actively building real-world web applications and consistently improving my problem-solving skills by practicing DSA.

Projects

Netflix Clone

Designed and developed a front-end clone of the Netflix website, focusing on user experience and responsiveness.

Utilized HTML, CSS to create a dynamic and interactive user interface.

FoodPrep User Page

FoodPrep is a responsive food delivery app built with the MERN stack, featuring MongoDB, Express.js, Node.js, and React.js.

It showcases seamless UX, modern development practices, and scalable architecture.it demonstrates full-stack skills in

database management, backend development, and interactive UI design.

FoodPrep Admin Page

The app allows adding and viewing food items in the shop, tracking total orders, and updating order statuses. Built using

MongoDB Atlas for database management, Express.js for the backend, and React with Vite for a fast, responsive frontend. I

also utilized Rest API for enhanced functionality, ensuring an efficient and seamless experience for both admins and users.

Quick Service

Developed a responsive bike service booking application where users can quickly submit service requests. The app features a

streamlined interface for entering vehicle details and preferred service types. Built using React for modular component

design and Vite for an optimized development experience.

Personal Portfolio

A clean and responsive personal portfolio website designed using only HTML and CSS to showcase my skills, projects, and

contact information.

Technical Skills

Java, C, C++, ,HTML, CSS, JavaScript, React.js, MongoDB, Express.js, Node.js, DSA(Java), MySQL, R Studio

Education

Vellore Institute of Technology-Andhra Pradesh	**2023 - PRESENT**
Bachelor of Technology – CGPA: 7.98(4th SEM)	
Narayana Junior College-Nellore	**2021 - 2023**
Intermediate-92.5%
